### **Secretary of State Bowen Announces Newly Processed State Archives Collections**

**SACRAMENTO** – Researchers now have easier and faster access to information about six California State Archives collections, Secretary of State Debra Bowen announced today.

The newly processed collections include records from:

- Los Angeles County Sheriff's Department - Sirhan Sirhan Case File (1968-1969),
- California Housing Finance Agency (1975-1990),
- California State Assembly Judiciary Committee (1849-2006),
- California State Assembly Water, Parks and Wildlife Committee (1976-2002),
- California State Council on Developmental Disabilities (1986-1991), and
- California State Senate Elections, Reapportionment and Constitutional Amendments Committee (1850-2006).

The Secretary of State's office has been home to the State Archives since 1850. As custodian of the State Archives, Secretary Bowen maintains the complete records of the official acts of the legislative and executive branches of state government, as well as Golden State history in the form of tens of millions of documents, maps, photographs, film and audio recordings, and artifacts. Among the treasures housed in secure, climate-controlled rooms stretching over six floors of the State Archives' Sacramento building are the original California Constitutions; Spanish and Mexican land grant records; election records dating back to 1849; political campaign items; and evidence, tapes and photographs from the investigation of the Robert F. Kennedy assassination.

The California State Archives continually organizes the materials it receives and creates detailed guides to collections known as "finding aids" that make researching easier. For more information about the California State Archives collections, or for assistance on a historical research project, go to [www.sos.ca.gov/archives](http://www.sos.ca.gov/archives).

Finding aids for the recently processed collections are available on the Online Archive of California at [www.oac.cdlib.org/search/findingaid.html](http://www.oac.cdlib.org/search/findingaid.html), a single digital database of finding aids that provides information about materials held in archives, libraries, museums and historical societies across California.
