

CALIFORNIA CENSUS CHALLENGE

CURRENT RANKINGS

See instructions below to view the latest rankings for your city's or county's Census self-response rate.

STEP 1:

Visit: public.tableau.com/profile/us.census.bureau#!/vizhome/2020CensusSelf-ResponseRankings/RankingsDashboard

STEP 2:

Click the drop down list under "Select State" and select "California"

A screenshot of a web interface showing a dropdown menu titled "Select State". The menu is open, and "California" is selected and displayed in the input field.

STEP 3:

Using "Population Range", filter city or county by population size.

TIER 1: County population size of under 100,000 residents.
City population size of under 5,000 residents.

TIER 2: County population size of 100,000-500,000 residents.
City population size of 5,000-50,000 residents.

TIER 3: County population size of over 500,000 residents.
City population size of over 50,000 residents.

A screenshot of a web interface showing a "Population Range" slider. The range is set from 50,000 to 100,000. There is a search icon in the top right corner of the slider area.

STEP 4:

View your results.

Ranking by County			Ranking by City		
1	Sutter, California	65.4%	1	Mission Viejo, California	80.5%
