Two Budget-Related Initiatives Enter Circulation

SACRAMENTO – Secretary of State Debra Bowen today announced that the proponent of two new initiatives may begin collecting petition signatures for his measures.

The Attorney General prepares the legal title and summary that is required to appear on initiative petitions. When the official language is complete, the Attorney General forwards it to the proponent and to the Secretary of State. The Secretary of State then provides calendar deadlines to the proponent and to county elections officials, and the initiative may be circulated for signatures. The Attorney General’s official title and summary for the first measure is as follows:

CHANGES METHOD OF CALCULATING STATE SPENDING LIMIT. INITIATIVE CONSTITUTIONAL AMENDMENT. Changes method of calculating state spending limit. Subjects certain transportation and other currently excluded expenditures to spending limit. Eliminates constitutional requirement that revenues received in excess of spending limit be returned to taxpayers and used for schools, and generally redirects those revenues toward reducing state debt. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: Revised spending limit likely would alter state spending. In the near future, the percentage of the state budget devoted to K-14 education and debt expenses likely would increase, and the percentage devoted to other areas likely would decrease. Over the longer term, state reserves, tax rebates, and other one-time spending also could increase. (09-0090.)

The Secretary of State’s tracking number for this measure is 1442 and the Attorney General’s tracking number is 09-0090.

The Attorney General’s official title and summary for the second measure is as follows:
