### Secretary of State Debra Bowen Certifies Third Measure for November 2 General Election

**SACRAMENTO** – Secretary of State Debra Bowen today certified a third measure for the November 2, 2010, General Election ballot. The initiative would place the redistricting of congressional districts under the authority of the new 14-member state redistricting commission.

The first measure to qualify was placed on the ballot by the legislature with the passage of SBx7 2 (Chapter 3, Statutes of 2009, Seventh Extraordinary Session), related to the state water supply. The second measure qualified through the initiative process and would legalize, regulate and tax marijuana. The last day to qualify any measure for the November General Election ballot is June 24.

In order to qualify for the ballot, the redistricting initiative needed 694,354 valid petition signatures, which is equal to eight percent of the total votes cast for governor in the November 2006 General Election. The initiative proponents submitted 1,180,623 signatures in an attempt to qualify the measure, and it qualified through the random sample signature check.

An initiative can qualify via random sampling, without further verification, if the sampling projects a number of valid signatures greater than 110 percent of the required number. This initiative needed at least 763,790 projected valid signatures to qualify by random sampling, and it exceeded that threshold today.

County elections officials have 30 working days to verify the validity of the signatures filed with their offices using a random sampling method. In random sampling, the state Elections Code requires county elections officials to verify 500 signatures, or three percent of the number of signatures filed in their county, whichever is greater. A county elections office receiving fewer than 500 petition signatures must verify all the signatures.

The Attorney General's official title and summary of the initiative is as follows:

**REDISTRICTING OF CONGRESSIONAL DISTRICTS. INITIATIVE CONSTITUTIONAL AMENDMENT.** Removes elected representatives from the process of establishing congressional districts and transfers that authority to the recently-authorized 14-member redistricting commission. Redistricting commission is comprised of five Democrats, five Republicans, and four voters registered with neither party. Requires that any newly-proposed district lines be approved by nine commissioners including three Democrats, three Republicans, and three from neither party. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: Probably no significant change in state redistricting costs. (09-0027.)
