New Measure Eligible for California's November 2016 Ballot ***Cigarette Tax to Fund Healthcare, Tobacco Use Prevention, Research, and Law Enforcement. Initiative Constitutional Amendment and Statute.***

SACRAMENTO - Secretary of State Alex Padilla today announced that an initiative is eligible for the November 8, 2016, General Election ballot.

In order to become eligible for the ballot, the initiative needed 585,407 valid petition signatures, which is equal to eight percent of the total votes cast for governor in the November 2014 General Election.

An initiative can qualify via random sampling of petition signatures if the sampling projects a number of valid signatures greater than 110 percent of the required number. The initiative needed at least 643,948 projected valid signatures to qualify by random sampling, and it exceeded that threshold today.

On June 30, 2016, the Secretary of State will certify the initiative as qualified for the November 8, 2016 General Election ballot, unless the proponent withdraws the initiative prior to that date pursuant to Elections Code section 9604(b).

The Attorney General's official title and summary of the initiative is as follows:

CIGARETTE TAX TO FUND HEALTHCARE, TOBACCO USE PREVENTION, RESEARCH, AND LAW ENFORCEMENT. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Increases cigarette tax by \$2.00 per pack, with equivalent increase on other tobacco products and electronic cigarettes containing nicotine. Allocates revenues primarily to increase funding for existing healthcare programs; also for tobacco use prevention/control programs, tobacco-related disease research and law enforcement, University of California physician training, dental disease prevention programs, and administration. Excludes these revenues from Proposition 98 funding requirements. If tax causes decreased tobacco consumption, transfers tax revenues to offset decreases to existing tobacco-funded programs and sales tax revenues. Requires biennial audit. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: **Net increase in excise tax revenues in the range of \$1.1 billion to \$1.6 billion annually by 2017-18, with revenues decreasing slightly in subsequent years. The majority of funds would be used for payments to health care providers. The remaining funds would be used for a variety of specified purposes, including tobacco-related prevention and cessation programs, law enforcement programs, medical research on tobacco-related diseases, and early childhood development programs.** (15-0081.)

The proponents of this initiative are Dustin Corcoran, Laphonza Butler, Olivia J. Diaz-Lapham, and Tom Steyer. The proponents can be reached c/o Lance H. Olson at (916) 442-2952.
