Three Proposed Initiatives Enter Circulation

SACRAMENTO --- The Secretary of State’s Office announced today that the proponents of three new initiatives have received clearance to begin collecting petition signatures for their measures.

The Attorney General’s official titles and summaries are as follows:

COMMERCIAL REAL PROPERTY TAXATION. REASSESSMENT, EXEMPTIONS, AND REVENUE DISTRIBUTION. INITIATIVE CONSTITUTIONAL AMENDMENT.

Amends the California Constitution to require annual tax reassessment of the full cash value of commercial and industrial real property. Exempts any taxpayer’s first $500,000 in personal property from taxation. Requires that tax proceeds resulting from this measure be distributed to cities, counties and schools. Excludes real property used for commercial agricultural production and real property otherwise exempt by law.

Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Annual increase in net local property tax revenues of approximately $2.8 billion resulting from assessment of certain commercial real property at fair market value. This would provide additional revenues to local governments ($1.7 billion) and schools ($1.1 billion). The school revenues would reduce state education spending by a commensurate amount. Annual decline in state income tax revenues of approximately $150 million from increased property tax deductions.

The Secretary of State’s tracking number for this measure is 1125 and the Attorney General’s tracking number is SA2005RF0034.

The proponent, Lenny Goldberg of the California Tax Reform Association, must collect 598,105 signatures of registered voters, equal to eight percent of the total votes cast for governor in the 2002 gubernatorial election, in order to qualify this measure. His 150-day deadline to circulate petitions is August 22, 2005. The initiative proponent can be reached at 916-446-4300.
